

Tool Room Magnets and Assemblies

CUSTOM SOLUTIONS

*Tool Room magnets bring the power of permanent and electromagnets to a wide range of industrial application
Tool Room magnets come in a variety of shapes, sizes and strengths, and are available for separating, holding, positioning*

Tool Room Offerings

Magnetic Trays

Print Holders

Low Profile Channel

Shallow Pot Magnets

Alnico Pot Magnet / Shallow Pot Magnet

Alnico Button Magnet

Alnico Horseshoe Magnets

Alnico Permanent Magnet Assemblies

Neodymium Disks

Neodymium Block

Electromagnets

Sweepers—plate magnets—magnetic squares

bi polar assemblies— alnico assemblies—2 pole assemblies

Magnetic Pick ups

CAPABILITIES

SGRT specializes in customized magnetic assemblies for numerous industrial applications. SGRT's production and warehouse facility allows us to manufacture (cut, epoxy, assemble, magnetize) customized magnetic solutions in order to minimize our customers turnaround requirement needs, no matter what the volume.

Some of the more common customized solutions include:

Magnetic Rails
Pick Up Tools

Magnetic Bases
Magnetic Channel

Cut to size Alnico / Ceramic
Epoxyed Assemblies

Please Contact our office to discuss your application requirements.
